ACTRON AND SUNPRO ANNOUNCE THE “MUSCLE CAR SWEEPSTAKES”
Grand Prize is ‘69 Dodge Coronet R/T Armed with 440 Magnum

CLEVELAND, Ohio – Have you ever dreamed of owning an original, all-American muscle car? Now’s your chance! The Actron® and Sunpro® “Muscle Car Sweepstakes” has arrived!

One lucky winner will drive away in a beautifully restored 1969 Dodge Coronet R/T armed with a 440 Magnum V8 – a 375 horsepower MOPAR® legend!

“Sunpro gauges are iconic of the ‘60s and ‘70s muscle car era,” explained Joe Young, product manager, Sunpro. “If you were a racer or into cars at all, chances are there was a Sun Super Tach® perched on your dashboard. What better way to relive those days than with classic Detroit steel?”

The Actron and Sunpro “Muscle Car Sweepstakes” will commence June 1 and conclude November 30, 2008. To be eligible, contestants must complete an official entry form available at retail locations where Actron- and Sunpro-brand products are sold, at select shows and events and online at www.musclecarsweepstakes.com.

Retail locations:

- Advance Auto Parts
- AutoZone

- Pep Boys
- Sears

Shows and events:

- 2008 HOT ROD Magazine Power Tour; June 7-14; all tour stops;
